## FRIENDS OF RACING ACTIVE

### EFFORTS ON TO OBTAIN FAVORABLE LEGISLATION IN SEVERAL STATES.

**Bill Framed by Joseph A. Murphy Is Introduced in Missouri Legislature—Similar Measures Offered in California, Washington, Nevada and Utah.**

From various western states in which racing has of late been suspended, come reports of efforts by friends to obtain modification of the legislation which restricted in the suspension of the sport. A bill to legalize racing in California under the control of a state commission of three members, to be appointed by the governor, with speculation restricted to the participants, has been introduced in the legislature, now in session at Sacramento. In its main essentials, the bill follows the provisions of the law under which racing is so successfully controlled and governed in Kentucky. The fate of the measure depends entirely upon the attitude of Governor Johnson, who is the dominating figure in California politics.

A bill has also been introduced in the Washington legislature for the purpose of legalizing betting within racing enclosures. It is patterned after one now in Montana, which limits meetings to thirty days in certain localities and fourteen in others.

There has been some agitation for the enactment of such a bill in Oregon, in connection with the fact Governor Stewart, in his message to the legislature recommended the passage of an anti-betting bill, but the friends of racing, after a canvass of the legislature, feel confident that the sport will not be hampered by the passage of the legislation proposed. Those who do not agree with the governor in this respect point out that it would be unwise to make any change at this time in the state's law affecting racing because the state fair at Helene, which has grown into a great institution with the help of racing as an attraction, would be seriously crippled, not only financially, but by its inability to get horses to take part in its speed program.

Should legislation be passed that would result in the abandonment of the thirty days of racing at the state fair, two prominent turf figures, they will come to the rest of the racing season.

Today's best work-outs at the Fair Grounds were as follows:

Appaloosa—Three-quarters in 1:19.  
Arnor—Three-eighths in 37%.  
Baby Sister—Mile in 1:45%.

Efforts are also being made to obtain legislation favorable to racing in Arkansas and Indiana.

### EASTERN STABLES TO RACE IN KENTUCKY.

New York, January 29.—For the coming racing season the Quince Stable will be represented in Kentucky as well as on the tracks under the jurisdiction of the Jockey Club. The two-year-olds, half of them, will be sent on for the Breeders' Farnam and various other races in Kentucky are in the care of Steve Lawler at Sheephead Bay, while James Fitzsimmons is fitting the New York string at the Gravesend course of the Brooklyn Jockey Club. In addition to the ten two-year-olds intended for racing in Kentucky, Lawler also has the Trojan winner of the Futurity and Double Eagle, the other star performer of the stable, in its Sheephead Bay string. It is the present intention that they both be started in the Kentucky Derby at Louisville as well as other rich stakes for which they are better suited. The strings will be used for the campaign at Saratoga when there is no racing in Kentucky. The two-year-olds that have already been named from the Quince Stable for the New York races are a perfectly well set up lot and in all of their trials they have shown trainer Fitzsimmons enough to warrant the belief that they will make good. They are:

Bonnie Tess, ch. f., by Star Shoot—Last Cherry, Glendale, br. g., by Star Shoot—Belle of Glendale.

Golden Hours, ch. g., by Plaudit—Queen Regent, Good Counsel, b. c. by Star Shoot—Frankness.

Navigator, b. c. by Star Shoot—Ethel Lee.

Past Master, b. c. by Waterbury—Yvonne.

Sky Pilot, ch. c. by Star Shoot—Frances Hindoo.

Success, b. c. by Waterbury—Enterprise.

Tattletoe, b. c. by Ogden—Love Note.

Thig a Ling, ch. c. by Star Shoot—Lady Vincent.

Wayfarer, ch. c. by Ogden—Miss Angie.

These baby racers, in addition to being royally bred, are a particularly good lot of individuals and it would not be surprising if there was another Futurity winner in the bunch. Those that will go to Kentucky by Lawler are also carefully selected youngsters and altogether the Quince Stable bids fair to again cut an important figure on the turf. Trojan and Double Eagle have both been wintering exceedingly well. Superintendent Brennan keeps the Gravesend course in the best of condition for training operations and Fitzsimmons varies his track exercise with useful gallops on the boulevard, his favorite winter training ground with many horsemen. All of the horses are big and strong and should come in the races early.

A. J. Goldsborough has a considerable string of horses in his care. Goldsborough and he are another trainer who will make his start in Kentucky this season. Andrew Miller's Roamer, the most sensational development of last season, has improved greatly in appearance and he bids fair to carry his greatness into his four-year-old season. It is the intention at this time to start him in the Kentucky Handicap at Douglas Park, Louisville, and other Kentucky engagements has been selected for him, although he has been named for the Metropolitan and other handicaps to be decided in the east. In addition to Roamer and the other Miller horses Goldsborough is fitting the string that will be raced by Foxhall P. Keene. Some of these Keene two-year-olds have been named for the Kentucky Futurity and, if all goes well, the whole of those spots will be shown in that as well as other rich two-year-old fixtures in the west. Six of these Keene two-year-olds have been named for the Juvenile at Belmont Park. They are:

Brammer, b. c. by Voter—Debacle.

Chestnut colt by Dohle—Athene.

Poss in Boots, b. f., by Peter Pan—Star Cat.

Tippenny, b. c. by Ben Brush—Aenusha.

Brown colt by Sweep—Lamp Girl.

Brown filly by Disguise—Wild Boss.

Another in the eighth is:

Bay filly by Peter Pan—Mildred Shultz.

Pat Fox has taken up Patrick S., after having turned him out for six months, and he is gathering along in a fashion to suggest that he will come back to the races a useful sort of a horse.

### USEEIT REDUCES NEW ORLEANS RECORD.

**Speedy Daughter of Bonnie Joe Runs Six Furlongs in 1:12 Over the Fair Grounds Track.**

New Orleans, La., January 29.—The best field of sprinters that has been engaged at the Fair Grounds during the recent meetings met in today's feature and it resulted in victory for Useeit in handy fashion over Lady Moonlet and Richwood, with Bayberry Camille, Boxer, Judge Wright, Herbert Temple and Bridescence misplaced. The Bonnie Joe mare was handled by J. O'Brien, who was making his riding debut here, and the high speed she maintained all the way was responsible for her reducing the former track record of 1:12½ for six furlongs, held jointly by Yeehge, Glorifier and Ascension, by one-fifth of a second.

Summertime weather prevailed and the track was at its best. Fast time was recorded in most of the dashes. Mary Jo showed a good performance in showing 117 pounds and scoring a good position in the dash. She ran the three and a half furlongs in 1:12, which equaled the track record established yesterday by Tay Dunsane.

Favorite players had a rough road to travel during the afternoon, for O'Hagan was the only successful choice. The beaten favorites included Sal Vanhy, Pied Piper, Boxer, Nobleman and High Class.

As a result of the aerobic performance again displayed by Chas. F. Granger in yesterday's start, Judge Murphy issued a ruling barring his entry in future.

Jockeys Venters and Sumter were each suspended for six days by the starter for insubordination at the post.

E. W. Moore will ship the horses he has racing here to join the ten he has wintering at Nashville and later take the whole consignment to Lexington. Kitte, which started in the second race, probably terminated his racing career, as he sustained a broken ankle during the running and probably will be destroyed.

Today's arrivals included Thomas Cogan of Cincinnati, who stopped off en route from Havana, Mr. Cogan stated the Cuban racing proposition will eventually be a big success. He was surprised at the magnitude of the racing here.

From Buffalo came Rod McMahon and J. P. McNamee, two prominent turf figures. They will compete for the rest of the racing season.

## GENERAL NEWS NOTES OF THE DAY.

Straßburg, the capital of Alsace, is reported in an unofficial London dispatch to be preparing for a siege, which might indicate that the French have advanced further into Alsace than has been announced officially. Official statements from both Germany and France claim successes along the entire battle front in the west. Particular German losses in the three days' fighting at 20,000, while Berlin reports that at Craonne alone 1,500 French were killed and 1,100 prisoners were taken. A new battle has commenced in the Carpathians, according to Petrograd, on which the whole issue of the southern campaign is said to depend. Vienna claims that the Russians have been defeated and driven out of Nagyag Valley in Transylvania and that the Austrian troops are fighting rear guard actions with the defeated enemy. These claims are confirmed officially in Petrograd, where admissions made of Russian retreat. The German official statement reports the repulse of all new Russian attacks on Craonne and Toulon. The Turkish official statement reports complete defeat of the Russian army in the region of Tifly, in Transcaucasia. The Russians are reported to be in full retreat. Two Russian armies are reported to be menacing Königsberg, capital of east Prussia. From the north a force is descending on Tilsit, sixty-six miles northeast of the city. It has driven back the Germans and destroyed their supply station at Pogegen. In the east the Austrians and Russians evidently have been at strong grips, and if Vienna's latest report should prove correct, Russian arms have been taken at check. Vienna says eastern Hungary to the south of the Carpathian range has been cleared of the Muscovites. Several thousand prisoners were captured. The Russians declare this loss is compensated by the fact that their aggressiveness has compelled the Austro-Germans to postpone the expedition they were preparing with the object of crushing Serbia.

Russian reports of victory in east Prussia are disputed in the official German communication which states that the attacks of the Russian invaders were defeated with heavy losses to them. In central Poland, it is said, the Germans took the offensive and captured Russian trenches. In the south the new Austro-German plan of campaign is developing rapidly. The Austrian army staff announces that the Russians had invaded northern Hungary have been defeated and forced to retreat. Petrograd military experts expect that the main attack will be delivered on the extreme Russian right wing in western Bukowina. Simultaneously with the stiffening of the Austro-German attack the Turks have broken through the Russians in the Transcaucasian region and are again on the offensive. Russian and Turkish reports are contradictory, but it appears that severe fighting is in progress.

It transpires that there is on file in the state department at Washington an official communication from M. Jusserand, the French ambassador, setting forth the unanimous opinion of France that the transfer of an enemy vessel to a neutral flag after hostilities started is invalid. The French memorandum diplomatically notifies the American government that such transfers, if any should occur, will not be recognized by France as valid, and leaves the plain inference that vessels so purchased, either by individual Americans or by the United States government or any corporation it controls, will be treated as enemy craft and seized as prizes.

Formal announcement of the postponement of opening ceremonies at the Panama canal from March until some time in July was made by Secretary Daniels after a cabinet meeting. In July the Atlantic fleet will pass through the canal and all other ceremonies planned for President Wilson's appearance in March will be held. The report of Gov. Goethals of slides in the Culebra cut were given by Mr. Daniels as the reason for the postponement.

Mexico City is again in the hands of the forces of General Alvaro Obregon, who, while acting as the provisional president of the government, vowed to leave the capital early in November, under the threat of the advancing troops of Villa and Zapata who disagreed with his policies. The new authorities have restored order and a general feeling of confidence prevails.

By a vote of 8 to 3 the house immigration committee voted to report the immigration bill vetoed by President Wilson back to the house with the recommendation that it be passed over his veto. Chairman Burnett expressed the opinion that the bill would get the necessary two-thirds vote. The committee's report will be brought in for a vote next Thursday.

A subcommittee of the Senate committee on judiciary has made a favorable report to the full committee on the resolution by Senator Morris Shepard, submitting to the states for ratification an amendment to the federal constitution providing for national prohibition.

Russia has informed Persia of her regret that Persia should have become the arena of hostilities. The Turkish incursion into Persia was directed against Russia, it is explained, and Russia was constrained to adopt measures to meet this situation.

According to a dispatch from Berlin, hostile aeronauts dropped bombs on Dortmund in Westphalia on the evening of January 25. Twenty-one public buildings are reported to have been damaged, but no loss of life is admitted.

Representative Kitchin of North Carolina will probably be chosen by acclamation as chairman of the ways and means committee when the Democrats elect the next congress on February 4.

The South Carolina house of representatives passed a bill authorizing a referendum next September on state-wide prohibition. The measure now goes to the senate.

The London Times contends editorially that under Germany's new control of wheat, all wheat and flour shipped to Germany may become contraband.

A new high price was established for winter wheat yesterday when it sold for \$1.50 a bushel.

St. Louis bakers have taken the lead in boosting the price of bread to 6 cents a loaf.
